

**BOXBOROUGH BOARD OF HEALTH MINUTES**

**SEPTEMBER 14, 2016**

**BOXBOROUGH TOWN HALL**

**7:00 P.M.**

**Appointments:**

No Appointments

**Discussions:**

- **Vorce land:** based on JG email on the subject the Board agreed that the wetland lot for sale would not be a water supply asset and would not recommend the Town purchase the land.
- **Water Resource Committee:** the Board discussed previous work of the WRC:
  - Long-term action would be to approach the previously identified property owners to purchase land where potential water supply well site water tested.
  - Board discussed strategy 1.1.4 of the .... and had the following recommendation actions:
    - 1.1.4.1 The WRC has already identified potential well sites. The Board could serve at the WRC until the town is ready to proceed with the purchase of the identified parcel or acquire land for a well site by right of first refusal. Until funds are approved by the town for purchase no further action can be completed in this regard.
    - 1.1.4.2 Provide ongoing general protection by the review of proposed land use projects; consider purchase of identified parcels when they become available (well sites).
    - 1.1.4.3 Review of projects and permits to insure they comply with State and local regulations.
  - If other parties are interested in joining the WRC please meet with the Board of Health.
